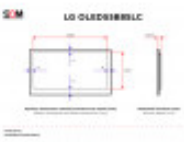
LG OLED55B8SLC



TECHNICAL DETAILS

Diagonal (in)	55
Panel	OLED
Standard	UHD 4K
Resolution (px×px)	3840x2160
Width of viewable area (mm)	1220
Height of viewable area (mm)	697
Upper / lower bezel size (mm)	4 / 6
Left / right bezel size (mm)	4 / 4
Screen aspect ratio	16:9
Max. brightness (cd/m²)	250
Viewing angles (h/v; °)	178/178
Connectors	1 x Satellite
Connectors	1 x 3.5mm jack (Audio output)
Connectors	4 x HDMI (Input)
Connectors	1 x Optical digital audio output
Connectors	Common Interface slot
Connectors	1 x Antenna
Connectors	1 x Ethernet (RJ45)
Connectors	3 x USB-A
Typical power consumption (W)	110
Width without stand (mm)	1228
Height without stand (mm)	707
Depth without stand (mm)	46.9
Net weight (kg)	16.3

Set contains	Power cord
Set contains	Edbak EWB100 wall mount
Set contains	Remote control

PRODUCT DESCRIPTION

The 55-inch LG OLED55B8SLC is an AI TV produced in OLED technology that works in native 4K resolution (3840x2120). LG guarantees phenomenal image quality thanks to 4K Cinema HDR technology and eight million LEDs that effectively reproduce every color and detail while offering perfectly pure blackness and whiteness in gigantic contrast.

OLED55B8SLC uses an intelligent 7 processor (Alpha7), which is responsible for two-stage noise reduction, depth enhancement, and accurate color reproduction. The amazing sound experience is provided by Dolby Atmos technology, which offers 360-degree object sound with a power of 20W, guaranteeing almost cinematic sound quality.

The intuitive webOS and AI system allow full control over the TV - both with the use of the Magic Remote remote control as well as voice commands (in Polish and English). OLED55B8SLC is compliant with Bluetooth and WiFi 802.11a/b/g/n/ac standards, and the user has access to 4 HDMI 2.0 ports, 3 USB 2.0 ports, CI+ 1.4 slot, and RJ45 connector. The average power consumption of the TV is about 110 watts, and the height and depth with the stand are respectively 776 and 319 millimeters.

Black-color OLED55B8SLC that is available in SQM Rental House can also be hung on the wall - thanks to the mounting sockets with 300x200mm spacing in the Vesa standard.
