Set contains	Remote control
Set contains	Power cord
Set contains	Vogel's PFW 4700 wall mount

PRODUCT DESCRIPTION

Samsung GQ65Q900RGTXZG is a 65-inch QLED TV that offers perfect image quality in native 8K 7680x4320 resolution. The device offers a brightness of up to 3000 nits and phenomenal image depth thanks to Q HDR 8K technology, which individually adjusts the contrast and brightness parameters for each scene. 8K means over 33 million pixels - this guarantees an unbelievable visual experience.

GQ65Q900RGTXZG is powered by a Quantum 8K processor, which is also responsible for Upscaling (i.e. technology that increases each resolution to the nearest level corresponding to 8K), color optimization, contrast, sound quality, and HDR. Samsung is also equipped with an Intelligent Mode that can adjust the level of brightness and sound to the current environment, as well as significantly extract sounds during the concert broadcast, or emphasize dialogues in movies.

Thanks to the Smart Hub and intelligent One Remote Control, the TV becomes extremely easy and intuitive to use. It easily communicates with speakers, smartphones and even Apple devices (via AirPlay 2).

Great ease of work and a guarantee of no tangled cables is the external One Connect device, which is equipped with 3 HDMI 2.0 and 1 HDMI 2.1 ports, 3 USB ports, Bluetooth module, or RJ45 and a CI+ 1.4 slot. One Connect Box is connected to the GQ65Q900RGTXZG with a single One Connect cable, which makes one of the most modern TVs a device that requires the minimum number of connections.

Samsung's device is fitted with VESA mounting holes (400x400mm) and weighs 29.5 kilograms without a base. The maximum power consumption reaches 352 watts. SQM Rental House recommends this TV set!
