

PRODUCT NAME

EDBAK TRV100

DESCRIPTION

Edbak TRV100 is a trolley with a monitor holder, which is adapted for screens with diameters from 42 to 55 inches and VESA mounts from 100x100 to 600x400 millimeters.

The very well finished aluminum construction with the powdered semi-matt coating is characterized by its high durability. Thanks to the integrated cable organizer, all wires are aesthetically placed along the main arm of the trolley.

Both the height of the Edbak TRV100 and the tilt angle of the holder can be adjusted to individual needs - the height is adjustable from 300 to 1700 millimeters, and the tilt angle from 0 to 11°.

Weighing 40 kilograms, the trolley accepts monitors up to 70kg. The TRV100 available at SQM Rental House is designed mainly for video conferencing applications.
