Category	Matrix switch
Max. resolution (px×px)	4096x2160
Connectors	2 x HDMI (Output)
Connectors	4 x HDMI (Input)
Width (mm)	192
Height (mm)	26
Depth (mm)	85
Net weight (kg)	0.45

PRODUCT DESCRIPTION

Lindy 38050 is a matrix switch, whose task is to distribute signals from four independent HDMI sources to 2 receivers. Very good quality switch from the German manufacturer has four HDMI inputs compliant with HDCP 1.4 and two HDMI outputs compliant with HDCP 1.4a.

Lindy 38050 supports 4Kx2K resolution at 30Hz and 3D 1080p at 60Hz. The highest frequency value is achieved at 1080p - it is equal to 120Hz. Further advantages of the matrix switch are the 48-bit color depth and the supported sYCC601, xvYCC, Adobe YCC601 or Adobe RGB color palette.

On the front panel, the user has access to LEDs informing, inter alia about the selected source for the particular output and the selected EDID mode. Source selection is possible via the OUTPUT A/B buttons or IR remote control, through which you can also select the EDID mode. Equipped with a 5V DC power socket, the switch consumes a maximum of about 5 watts of power.

We encourage you to check the availability of the Lindy 38050 switch at SQM Rental House!
