

## FLASH LED WASHER (16X10W)

### TECHNICAL DETAILS

Standard	DMX512
Diode type	16 x RGBW LED 4-in-1
Max. power consumption (W)	160
Power (W)	16 diodes x 10
Beam angle (°)	45
Flash frequency (min/max; Hz)	1/20
Protection Level (IP)	IP20
Supply voltage	100-245V AC; 50/60Hz
Width (mm)	1020
Height (mm)	160
Depth (mm)	140
Net weight (kg)	5.2

### PRODUCT DESCRIPTION

SQM Rental House presents a 102-centimeter LED WASHER beam by the Polish manufacturer Flash Butrym. The device is equipped with 16 RGBW LEDs, each with a power of 10 watts. The device provides 30 modes in the DMX512 standard.

The luminous flux of beam is equal to 11632 lumens. The LED WASHER is controlled by the four buttons, thanks to which you can select or edit the parameters displayed on the 1.8-inch color LCD screen.

LED WASHER can boast a viewing angle of 45°, a flash frequency in the range of 1-20Hz and smooth dimming from 0 to 100%. Further functionalities of the device include inter alia the option of changing the characteristics of the brightness curve, light bulb simulation, selection of two cooling volume modes (THEATER/DISCO), or constant color correction.

LED WASHER has four operating modes - DMX512, Automatic mode, Sound control, and Master/Slave mode. The durable aluminum LED beam is equipped with DMX input and output in the form of a three-pin XLR connector and a powerCON connector for power supply. The level of protection is IP20.
