

PRODUCT NAME

WORK IC 880 T

DESCRIPTION

The WorkPro IC 880 T is a two-way ceiling speaker that consists of an 8-inch woofer and a 0.5-inch tweeter. It operates in the frequency range from 62 Hz to 20 kHz and has a sensitivity of 87dB (from 1 meter at 1 watt). The maximum sound pressure level is equal to 95dB.

The WorkPro IC 880 T ceiling speaker is known for its easy mounting system that provides instant installation - all thanks to the trigger clamps. The housing is made of ABS plastic, while 96% of the surface is covered by an aesthetic grille made of powder-coated white-color iron.

It is worth adding that the mounting dimensions of the device are 245x30mm (øxD), while the transformer taps for the 100-volt line are 1.5-3-6W. The speaker is ideal for playing background music.

SQM Rental House encourages you to rent a WorkPro IC 880 T ceiling speaker!
