Connectors	1 x 3.5mm jack (Phones output)
Connectors	1 x RGB (Input, 15-pin D-Sub)
Max. power consumption (W)	100
Width without stand (mm)	979
Height without stand (mm)	594
Depth without stand (mm)	35.5
Net weight (kg)	13.1

PRODUCT DESCRIPTION

SQM Rental House offers LG 42LM620S - it is a 42-inch LG Cinema 3D's TV with 1920x1080 Full HD resolution, which offers a great quality 3D image without the slightest blur and interference, with the possibility of enjoying three-dimensional effects from almost anywhere.

TruMotion and Local Dimming technology effectively smooth the movement of objects on the energy-saving LED screen - thanks to this you can enjoy vivid 3D image in Full HD quality with simultaneous power saving.

Sharing movies, audio files and photos with home LAN on your 42LM602S TV screen is now very easy and fast thanks to DLNA (Digital Living Network Alliance) support, where none of the configurations are required. Another, equally simple way to play media is to connect them directly through a supported USB port. In addition to three USB ports, the 42LM620S also offers a number of other functional connectors - i.a. 4 HDMI inputs, CI card slot, RGB (15-pin) input, and RJ45 port.

The TV, in addition to the standard mounting on the base, can also be installed on a dedicated bracket or wall - all thanks to the VESA mounting sockets with 400x400mm spacing. In the case of default equipment installation on a dedicated base, the height of the set increases to 660 millimeters and the depth to 263 millimeters.
