

## DELL XPS 15 9500

### TECHNICAL DETAILS

Category	Laptop
Diagonal (in)	15.6
Standard	FHD+
Resolution (pxxpx)	1920x1200
Processor	2.4GHz Intel Core i9-10885H
Operating system	Windows 10 Home 64-bit
Memory	2 SO-DIMM slots; dual-channel DDR4; 2933MHz; 16GB RAM
Storage	512GB SSD M.2 PCIe 3.0 x4
Graphics	NVIDIA GeForce GTX 1650 Ti
Connectors	2 x Thunderbolt 3 (USB-C)
Connectors	1 x 3.5mm jack (Phones/Mic)
Connectors	SD card slot
Connectors	1 x USB-C 3.2 Gen 2
Connectivity	WiFi 802.11 a/b/g/n/ac/ax
Connectivity	Bluetooth 5.0
Width (mm)	344.72
Height (mm)	18
Depth (mm)	230.14
Net weight (kg)	2.05

### PRODUCT DESCRIPTION

The XPS 15 9500 is a 15.6-inch notebook from Dell that features an InfinityEdge display with FHD+ resolution (1920×1200) with an anti-glare coating that generates 500 nits of brightness and covers 100% of sRGB space. The ergonomic DolbyVision display offers wide viewing angles (178°/89°) and Eyesafe technology that reduces harmful blue light emissions. The backlit keyboard with a fingerprint reader makes working easier.

The hardware runs on a tenth-generation octa-core Intel Core i9-10885H processor that clocks at 2.4 to 5.3 GHz and uses 16 MB of cache. Graphics are handled by a dedicated NVIDIA GeForce GTX 1650 Ti graphics card based on the Turing architecture. This extremely powerful card offers 4GB of GDDR6 memory at 12 Gbps.

Speed and smoothness are guaranteed by a super-fast 512GB M.2 PCIe 3.0 x4 SSD and 16GB of DDR4 SDRAM with a dual-channel controller at 2933MHz. Length of uninterrupted operation is ensured by a six-cell 86 Whr lithium-ion battery.

Another strength of the XPS 15 9500 is the richness of ports - the laptop offers two Thunderbolt 3 ports on a USB-C with DisplayPort and power support, 1 USB-C 3.2 Gen 2 port, also with DP and power support, a full-size SD 6.0 card reader, as well as a combo jack for microphone/headphones with support for Waves Nx 3D technology and head-tracking. A Noble wedge lock slot provides security.

In addition to an excellent visual experience, the XPS 15 9500 also delivers studio-quality sound, thanks to Waves MaxxAudio Pro and Waves Nx 3D technology, supported by a four-speaker design consisting of two woofers (2 x 2.5W) and two tweeters (2 x 1.5W). The built-in two microphones support VoIP technology. The laptop supports WiFi 802.11ax and Bluetooth 5.0.

An HD camera that offers 720p resolution at 30 frames per second is built into the aluminum platinum-silver chassis.
