

PRODUCT NAME

SAMSUNG 870 EVO SATA III 2.5" 500GB SSD

DESCRIPTION

The Samsung 870 EVO is a reliable, compatible, and highly efficient 500GB SSD in SATA III 2.5" format that will find use with both professionals and standard users requiring fast data transfer.

The 870 EVO boasts sequential read speeds of up to 560 MBps and sequential write speeds of up to 530 MBps. Thanks to the drive's large buffer Intelligent TurboWrite technology, users can enjoy higher speeds and increased performance. The 870 EVO is also equipped with a 6th generation VNAND and MKX controller to ensure a stable operation with the hosting device.

Rent a reliable Samsung 870 EVO SSD today at SQM Rental House.
