

PRODUCT NAME

LOGILINK BP0109

DESCRIPTION

LogiLink BP0109 is a desktop mount designed for two monitors that face each other back-to-back.

The mount supports monitors with a maximum weight of 8 kg (per arm) from 17 to 32 inches of diagonal, with VESA 75x75mm or 100x100mm mounting holes spacing.

The BP0109 can be adjusted horizontally by 15° left and right, tilted also by 15° forward and backward, and rotated by 180 degrees. The length of each arm is 52mm, while the height of the post is 399mm (+ adjustment from 10 to 75mm).

Made of metal in black color, you can rent the LogiLink BP0109 desktop mount from SQM Rental House today!
