Depth without stand (mm)	86.3
Net weight (kg)	11.3
Set contains	Power cord
Set contains	Vogel's PFW 4500 wall mount

[Set contains](#)[Remote control](#)

PRODUCT DESCRIPTION

The LG 50UP75003LF is a TV featuring a 50-inch VA panel that offers 4K UHD native resolution (3840x2160 pixels) at a 60 Hz refresh rate.

The α5 AI 4K processor used in the device is responsible for removing video noise and is guaranteed to display vivid colors with deep contrast. One of the reliable features of the TV, in addition to Image Enhancing and HDR10 Pro, is also the AI Upscaling technology, which scales content to 4K quality with noise reduction and image sharpening.

LG 50UP75003LF is equipped with two HDMI inputs (including eARC/ARC), optical digital audio output, Ethernet port, or Common Interface 1.4 socket. The equipment supports the Wi-Fi 802.11ac protocol and Bluetooth 5.0.

Thanks to VESA mounting holes with a spacing of 200x200mm, it is possible to mount it on the wall or on a stand - Vogel's PFW 4500 wall mount is available for rent.

50UP75003LF will be perfect for your stand or conference - thanks to the aesthetic design with a slim frame the displayed content in 4K quality will look great. Rent the LG 50UP75003LF at SQM Rental House.
