

PRODUCT NAME

THIELE MANUAL CHAIN HOIST (0.5t / 10x8m)

DESCRIPTION

SQM Multimedia Solutions recommends a manual chain hoist from German brand THIELE with a lifting capacity of 500kg and overload protection.

The THIELE hoist uses a gear system that allows heavy objects to be lifted with low force. THIELE chain hoist is equipped with a galvanized chain (8th grade) with a length of 10m (while the length of the maneuvering chain is 8m). The diameter of the load chain is 6mm, and the pitch is 18mm (in accordance with EN 818-7 standard).

All sprockets are equipped with roller bearings, and are enclosed in a housing. Forged swivel hooks, also with bearings, facilitate the rotation of the load. The width of the top and bottom hook throat is 36mm.

SPECIFICATIONS

Capacity (kg)	500
Chain length (m)	10
Load chain (mm×mm; EN-818-7)	6x18
Maneuvering chain length (m)	8
Weight w/o chain (kg)	10
Width (mm)	127
Height (mm)	270
Depth (mm)	131
