## PRODUCT DESCRIPTION

The Prolights Jet Spot4Z is a moving spot head equipped with an extremely bright, high-powered 180 watt LED. The head offers 540° pan movement and 270° tilt movement.

The Jet Spot4Z allows adjustable mixing of colours from the CMY palette on 3 independent prisms. The colour disc is equipped with 6 dichroic filters, and two gobo discs are also available for 8 static and 7 rotating patterns. The spot also has functions such as linear frost (0 - 100%), linear electronic dimmer (0 - 100%) and electronic strobe from 1 to 30 Hz. The colour temperature is equal to 6800 K.

The output of the Spot Jet Spot4Z's spot head matches that of a 700-watt discharge lamp. The unit also features a motorised linear zoom from 8° to 40°

The Prolights Jet Spot4Z moving spot head is the perfect choice for smaller concerts, intimate venues, theatres and exhibition stands. See it in action and rent it from SQM Rental House.
