

PRODUCT NAME

HDMI SWITCH 4K 3x1

DESCRIPTION

We recommend the 3x1 HDMI switch, which supports a resolution of 3840x2160 at a refresh rate of 60 Hz.

The fully shielded switch is equipped with one output and three HDMI 2.0 inputs, although 1.4, 1.3 and lower standards are also supported. This makes it possible to connect three HDMI devices to a single receiver with an HDMI port - such as a monitor, projector, or computer.

The switch supports HDCP 2.2, HDR, CEC and LPCM and DTS-HD audio formats.
