Connectivity	WiFi 802.11a/b/g/n/ac
Width (mm)	120
Height (mm)	187
Depth (mm)	120
Net weight (kg)	1.7

PRODUCT DESCRIPTION

The Denon Home 150 is a compact wireless speaker featuring WiFi (2.4/5GHz), Bluetooth, HEOS (Multi Room), or AirPlay 2.

The speaker guarantees high sound performance across the frequency range thanks to its high-end drivers - a 1-inch tweeter and a 3.5-inch woofer - as well as perfectly tuned digital signal processing.

Using a set of speakers and HEOS technology, it is possible to create a compact stereo system - the equipment analogously handles right and left channels while delivering Hi-Fi quality sound. The entire system can be controlled using the dedicated HEOS app or through the Quick Select buttons located on the top panel of the speaker.

The Denon Home 150 supports a wide spectrum of audio streaming - from Spotify, TIDAL, or Amazon Music platforms, as well as many others via Wi-Fi, AirPlay 2 and Bluetooth. The speaker supports high-resolution formats - including FLAC 192kHz/24 bit, ALAC, WAV, or DSD 2.8/5.6MHz files.

Rent Denon Home 150 speakers at SQM Rental House and create a compact stereo system with excellent sound quality.
