

PRODUCT NAME

THE SSSNAKE CAT SNAKE 3MC

DESCRIPTION

The Cat Snake 3MC by the sssnake is a passive analog signal splitter from a category 5., 6. or 7 etherCON connector to 4 three-pin XLR (or DMX) male connectors.

The splitter the sssnake Cat Snake 3FC is compatible with any screened network cable on etherCON / RJ45 connector of any length. Thanks to the color-coded markings on the XLR connectors, it is ensured that the risk of confusion during connection is minimized.
