

PRODUCT NAME

THE SSSNAKE CAT SNAKE 3FC

DESCRIPTION

the sssnake Cat Snake 3FC is a passive analog signal splitter from a fifth, sixth or seventh category etherCON connector to 4 three-pin XLR female (or DMX) connectors.

The Cat Snake 3FC passive cable splitter is compatible with any shielded RJ45 or etherCON connector network cable of any length. Clear, color-coded markings on the XLR connectors make the risk of confusion when connecting marginal.
