

PRODUCT NAME

WORKPRO IC 550 T

DESCRIPTION

SQM Multimedia Support offers a two-way ceiling speaker IC 550 T from WorkPro, which is designed for 100-volt installations. The IC 550 T consists of a 5.25-inch woofer and a half-inch tweeter.

The frequency range for IC 550 T is 80Hz-20kHz, with a maximum sound pressure of 95dB. The transformer power taps for the 100-volt line are 1.5-3-6W. The speaker is a great choice for playing background music.

A special feature of the loudspeaker is its easy mounting system in the form of clamps, which results in the rapid installation of the device in the ceiling. Aesthetic, narrow design with a metal grille that absorbs 96% of the speaker surface guarantees that the IC 550 T will fit into any environment.
