IIYAMA TE8612MIS-B1AG

TECHNICAL DETAILS

Diagonal (in)	85.6
Panel	IPS
Touch points	40
Standard	UHD 4K
Width of viewable area (mm)	1895
Height of viewable area (mm)	1066
Upper / lower bezel size (mm)	31 / 63
Left / right bezel size (mm)	31 / 31
Screen aspect ratio	16:9
Max. brightness (cd/m²)	400
Viewing angles (h/v; °)	178/178
Connectors	1 x VGA (Input, 15-pin D-Sub)
Connectors	3 x HDMI (Input)
Connectors	1 x USB-B (Touch)
Connectors	1 x HDMI (Output)
Connectors	1 x USB-C 3.1 Gen 1
Width without stand (mm)	1957
Height without stand (mm)	1160
Depth without stand (mm)	100
Set contains	Power cord
Set contains	USB-A - USB-B cable (Touch)
Set contains	HDMI - HDMI cable
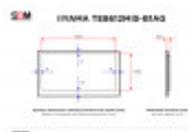

PRODUCT DESCRIPTION

The Iiyama TE8612MIS-B1AG is a professional interactive touchscreen designed for digital signage applications. It features a large 86-inch screen size,

making it suitable for large conferences, exhibitions and collaborative workspaces. The display combines IR touch technology (40 touch points) with high quality visuals to provide an immersive and interactive user experience. The TE8612MIS-B1AG features an anti-glare coating on its surface to minimize reflections and glare. This feature is particularly beneficial in environments with bright ambient lighting or when the display is placed in a position where external light sources may affect visibility.

The TE8612MIS-B1AG features an LCD screen with 4K Ultra HD resolution of 3840 x 2160 pixels. This high-resolution display ensures sharp and detailed visuals, allowing users to view content with exceptional clarity. The display incorporates advanced infrared (IR) touch technology, allowing users to interact with the screen effortlessly. It offers a high brightness of 400 nits, ensuring vibrant and lifelike visuals even in well-lit environments. It also features a high contrast ratio of 1200:1 (typical), which enhances the display's ability to reproduce deep blacks and bright whites for improved image quality.

The display offers a range of connectivity options, including 3 HDMI and 1 VGA inputs. It also features a USB-C connector that supports the latest video, audio and touch signals through a single port, and even charges the device with 65 watts of power. The TE8612MIS-B1AG is equipped with two high-quality 12W stereo speakers for clear and immersive audio. This built-in audio capability eliminates the need for external speakers, making it ideal for video conferencing, presentations and multimedia content.

The TE8612MIS-B1AG is compatible with various operating systems, including Windows, macOS, and Linux. This compatibility enables seamless integration with various devices and software applications, allowing users to enjoy the interactive features of the display across multiple platforms.

Thanks to the 800x600 mm VESA mounting, the TE8612MIS-B1AG monitor can be easily mounted on a wall or compatible stand. This flexibility allows users to optimize the positioning of the display based on their specific needs and space constraints.
