Width without stand (mm)	2196
Height without stand (mm)	1251
Depth without stand (mm)	91
Net weight (kg)	83.6
Set contains	HDMI - HDMI cable
Set contains	Remote control
Set contains	RS232C (9-pin D-Sub) - RS232C (2.5mm jack) cable
Set contains	Power cord

PRODUCT DESCRIPTION

The Iiyama LH9854UHS-B1AG is a professional, large format monitor designed for a wide range of business applications requiring high-quality picture performance. The 98-inch Ultra HD (3840 x 2160 pixels) LED-backlit monitor offers exceptional image sharpness and detail.

With a brightness of 500 cd/m² and a contrast ratio of 1300:1, the LH9854UHS-B1AG delivers vivid and realistic colors with deep blacks, providing excellent image quality even in brightly lit environments. The device uses LED backlight technology, providing consistent brightness across the screen and reducing power consumption compared to traditional monitors.

Equipped with an IPS panel, the LH9854UHS-B1AG offers wide viewing angles of up to 178 degrees horizontally and vertically. This ensures that users can view content from different positions without color or image distortion. The display also features an anti-glare coating to minimize reflections and improve visibility in various lighting conditions. The Iiyama LH9854UHS-B1AG is equipped with a range of additional features to enhance the user experience. It includes picture-in-picture (PiP) and picture-by-picture (PbP) functions, allowing users to display content from multiple sources simultaneously.

The LH9854UHS-B1AG supports multiple input options, including HDMI, DisplayPort, DVI and VGA, enabling easy connectivity to a wide range of devices such as computers, laptops, media players and video conferencing systems. It also has built-in speakers for convenient audio playback.

For optimal viewing comfort, the LH9854UHS-B1AG supports VESA mounting with 800x400mm hole spacing, enabling flexible installation options such as mounting on a wall or using dedicated stands.

The LH9854UHS-B1AG features a robust design and sleek appearance, making it suitable for a variety of environments such as conference rooms, exhibition stands, digital signage installations and educational institutions. The narrow bezel minimizes distractions and allows for seamless multi-screen setup for an immersive viewing experience.
