PRODUCT DESCRIPTION

The Iiyama ProLite TF6539UHSC-B1AG is a 65-inch open-frame touchscreen monitor with a resolution of 3840x2160 pixels, which features 50 points of capacitive touch technology (HID).

The monitor features an IPS LED panel with a maximum brightness of 500 nits, a static contrast ratio of 1100:1 and excellent viewing angles (178°/178°). A response time of 8 ms eliminates the blurring effect of the image during fast movements. Content on the monitor can be played both horizontally and vertically.

The Iiyama ProLite TF6539UHSC-B1AG is equipped with a range of connectors, such as two HDMI inputs, a DisplayPort input, VGA, as well as audio ports on 3.5mm jacks. With VESA-compliant (600x400 mm) mounting slots, the monitor can be mounted on a wall or stand. Additional sockets with 100x100 mm spacing are suitable for mounting mini-PC hardware (such as Intel NUC).

The TF6539UHSC-B1AG monitor is equipped with an edge-to-edge glass surface, which is known for its high scratch resistance. The device is ideal for use in demanding environments, as well as for 24/7 operation in digital signage applications.

The Iiyama ProLite TF6539UHSC-B1AG touch monitor is the perfect solution for professional applications that require precise touch control and high image quality. Its advanced technical features make it a solid choice for demanding users - rent the equipment at SQM Rental House!
