PRODUCT DESCRIPTION

The Iiyama T2454MSC-B1AG touchscreen monitor is an advanced display that offers impressive features and excellent image quality.

The Iiyama T2454MSC-B1AG is a 24-inch touchscreen monitor that combines modern design with advanced technology. Equipped with capacitive touchscreen technology, it provides smooth and precise operation, responding to touch with incredible sensitivity.

The matrix of this monitor offers Full HD resolution (1920 x 1080 pixels), which guarantees exceptionally sharp and clear images. This allows users to enjoy the details and colors on the screen without any compromise.

A distinguishing feature of this monitor is its wide viewing angle, which ensures that images remain clear even when viewed from the side or from above. This makes it ideal for applications where multiple users are using the screen at the same time, such as in news outlets or public places.

In addition, the Iiyama T2454MSC-B1AG is equipped with numerous ports, such as HDMI, USB 3.2 Gen 1, and VGA, for easy connection to various devices. The monitor also supports multi-touch, allowing the use of gestures and multi-finger interaction at the same time.

Robust design and high quality workmanship make this touchscreen monitor perfect for both home and professional environments. The monitor's design is based on a solid foot that provides a wide range of screen position adjustment (5 degrees up and 90 degrees down). The Iiyama T2454MSC-B1AG is an excellent choice for those who are looking for a high-performance, high-precision touchscreen monitor.
