

PRODUCT NAME

ALUSTAGE AL34020 QUADRO 290A TRUSS (200MM)

DESCRIPTION

AL34020 is a simple truss module (quadro type) with a length of 200 mm, belonging to the AL3 series and 290A system. The weight of this segment is 2.2 kg.

Components from the 290A system are manufactured from hardened EN AW 6082 T6 (AlSiMgMn) alloy, characterized by excellent machinability, high strength and good susceptibility to anodizing.

The tubes used in the 290A system's trusses are 50x2 mm in diameter, and the fins are 20x2 mm. The system is equipped with a connection socket SZ02.10. Alustage trusses are ideal for use in stage technology at trade fairs, stages or events. They are also perfect as suspension elements for video screens, LED screens, projection screens and sound gates. They can also serve as advertising stands or stage decorations.

Each component is certified and regularly tested to ensure safety.

Rent Alustage trusses from SQM Rental House for your event!

SPECIFICATIONS

Element	Straight truss
Color	Black
Material	EN AW-6082 T6
Length (mm)	200
Main tube diameter (mm×mm)	50x2
Braces (mm×mm)	20x2
Connection	SZ02.10
Width (mm)	290
Height (mm)	290
Net weight (kg)	2.2
