

CREATUBE 360 (1500MM)

TECHNICAL DETAILS

| | |
|----------------------------|-----------------|
| Technology | 5050RGB |
| Diode type | LED |
| Length (mm) | 1500 |
| Beam angle (°) | 360 |
| IC driver | UCS1903 |
| Connectors | 1 x DMX (4-pin) |
| Protection Level (IP) | IP65 |
| Max. power consumption (W) | 24 |
| Supply voltage | 24V DC |
| Diameter (mm) | 40 |

PRODUCT DESCRIPTION

The creaTUBE 360 is a state-of-the-art LED tube light that allows you to create a variety of shapes for an impressive effect.

Thanks to its unique design, creaTUBE emits light with a full 360-degree angle, presenting intense colors from a rich RGB palette. Unlimited configuration possibilities are possible thanks to the 26-pin orbital connector, which allows the tubes to be connected at different angles. The mounting of creaTUBE is flexible - it can be placed both on beams and on floor stands, the only limit is your imagination!

The tubes connect to each other via DMX protocol and are controlled using art.net protocol with a dedicated controller.

With a length of 1500 mm, creaTUBE 360 is perfect for trade show lighting, product highlighting, stages or decorative purposes. Discover the potential of creaTUBE by renting it from SQM Rental House!
