Width without stand (mm)	1235
Height without stand (mm)	715
Depth without stand (mm)	58.1
Net weight (kg)	14.8
Set contains	Remote control
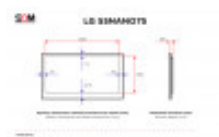

Set contains	Power cord

PRODUCT DESCRIPTION

The LG 55NANO75 is an advanced 4K UHD NanoCell TV with a resolution of 3840x2160 pixels, providing excellent picture quality.

Thanks to innovative NanoCell technology, the picture is sharp, detailed and crisp, making every scene a true work of art. Nano Color eliminates colour pollution, providing extremely pure and realistic colours, while Nano Black improves contrast, making every detail appear exceptionally deep.

This TV is designed to give you not only a great visual experience, but also unforgettable entertainment moments. Thanks to Smart TV technology and the WebOS operating system, you have access to countless apps, movies and programmes to enjoy top-quality entertainment. In addition, HDR technology makes colours more realistic and every detail becomes visible even in the darkest scenes.

The TV is equipped with connections such as three HDMI ports and an Ethernet (LAN) port for easy connection to other devices and a stable internet connection for smooth data transfer and seamless access to online content.

Discover a new dimension in entertainment with the LG 55NANO75 TV - delivering an incredible visual experience and technological excellence that will revolutionise the way you experience TV. Rent a 55-inch TV at SQM Rental House!
