

## PROLIGHTS ASTRA WASH19PIX

### TECHNICAL DETAILS

|                               |   |
|-------------------------------|---|
| Standard                      | RDM                                       |
| Standard                      | ArtNet                                    |
| Standard                      | Klingnet                                  |
| Standard                      | DMX512                                    |
| Standard                      | W-DMX                                     |
| Standard                      | sACN                                      |
| Diode type                    | 19 x RGBW Osram Ostar LED                 |
| Power (W)                     | 19 x 40                                   |
| X-axis - Tilt (°)             | 233                                       |
| Y-axis - Pan (°)              | 540                                       |
| Flash frequency (min/max; Hz) | 1/30                                      |
| Color temperature (K)         | 2800-10000                                |
| Dimmer (%)                    | 0~100 (16-bit, electronic)                |
| Connectors                    | 2 x Neutrik powerCON TRUE1 (Input/output) |
| Connectors                    | 2 x Amphenol XLR (5-pin, Input/output)    |
| Connectors                    | 2 x Neutrik Art-Net RJ45 (Input/output)   |
| Protection Level (IP)         | IP20                                      |
| Max. power consumption (W)    | 620                                       |
| Supply voltage                | 100-240V AC; 50/60Hz                      |
| Width (mm)                    | 410                                       |
| Height (mm)                   | 514                                       |
| Depth (mm)                    | 250                                       |
| Net weight (kg)               | 17.4                                      |

|              |                          |
|--------------|--------------------------|
| Set contains | 1 x Snap hook            |
| Set contains | 1 x Slim aluminium clamp |
| Set contains | 1 x Barndoor             |
| Set contains | 1 x Wire rope sling      |
| Set contains | Power cord               |

## PRODUCT DESCRIPTION

The Astra Wash19Pix is a mobile LED WASH head created for professional use in trade show applications. The Astra Wash offers superior brightness and advanced features for creating effects.

Built with a set of 19 Osram RGBW LEDs at 40 W each and an external pixel ring, this light is equipped with a highly efficient optical system that allows an adjustable zoom range from 4° to 54°. This makes it extremely versatile in a variety of use scenarios.

The Astra Wash19Pix allows independent control of each pixel, offering a range of built-in effects and providing access to precise white and colour control. This is all made possible with support for DMX, W-DMX, Art-Net, sACN and RDM protocols.
