PRODUCT DESCRIPTION

The IIYAMA LH6560UHS-B1AG monitor is an advanced solution for professionals who appreciate excellent image quality and modern design. This 65-inch 4K UHD (3840x2160) display offers incredible sharpness, colour depth and detail that will work perfectly in any business space, from meeting rooms to retail and exhibition environments.

The monitor is equipped with an anti-reflective coating which, together with a high brightness of 500 cd/m², ensures excellent visibility even in well-lit rooms. IPS technology ensures wide viewing angles and precise colour reproduction, so that the content presented on the screen always looks perfect.

The IIYAMA LH6560UHS-B1AG is a model designed for intensive use. With 24/7 capability, the monitor is the ideal choice for digital signage, point-of-sale and other venues that require reliable operation around the clock. Robust construction with a heavy-duty protective panel ensures long life and resistance to damage.

This monitor offers a wide range of connectivity options, including HDMI, DisplayPort and USB, making it easy to integrate with a variety of systems. The built-in Android operating system enables intuitive content management and remote updates, which is particularly useful for extended display networks.

In designing the LH6560UHS-B1AG, IIYAMA has prioritised energy efficiency and eco-friendliness. The monitor meets stringent energy-saving certification standards, resulting in lower power consumption and reduced operating costs, while reducing environmental impact.

The IIYAMA LH6560UHS-B1AG is a professional monitor that stands out not only for its exceptional image quality, but also for its robustness, functionality and modern design. It is the ideal solution for businesses looking for a reliable display that will meet the demands of any working environment. Rent a monitor at SQM Rental House!
