PRODUCT DESCRIPTION

Experience a new dimension of performance with the 2021 Apple iMac 24", which combines elegance and the power of technology in one device. The all-in-one computer was created with demanding users in mind, offering unparalleled performance thanks to Apple's innovative M1 processor. Equipped with an 8-core chip, the iMac delivers revolutionary performance and exceptional energy efficiency, allowing you to seamlessly complete complex projects and multitask effortlessly at the same time.

The computer has 8GB of unified RAM, allowing you to perform any task, no matter how demanding, in no time. Switching smoothly between programs and working efficiently with multiple applications at the same time becomes an everyday occurrence. In addition, a fast and reliable 256GB M.2 SSD guarantees instant system startup, fast access to data and instant loading of applications, providing ample space.

The whole thing is enclosed in a slim case of just 11.5 millimeters, which fits perfectly into any interior, taking up minimal space on the desk. The silver color adds elegance and modern style to the device.

The Apple iMac A2438 features an amazing 24-inch 4.5K Retina display with a resolution of 4480x2520 pixels that provides an image with incredibly detailed and vivid colors, making it ideal for working, watching movies or viewing photos.

The Apple iMac 24" (Model A2438) is the perfect choice for those looking for a powerful computer for work, study or entertainment, enclosed in a sleek and compact design. With its innovative M1 processor, 4.5K Retina display and harmonious blend of style and functionality, the iMac is fully equipped to meet any challenge.
