

Iiyama LH5041UHS-B2AG 4K

TECHNICAL DETAILS

Category	Monitor
Diagonal (in)	50
Panel	VA
Standard	UHD 4K
Resolution (px×px)	3840x2160
Width of viewable area (mm)	1096
Height of viewable area (mm)	616.4
Upper / lower bezel size (mm)	13.9 / 14.9
Left / right bezel size (mm)	13.9 / 13.9
Screen aspect ratio	16:9
Max. brightness (cd/m ²)	500
Viewing angles (h/v; °)	178/178
Connectors	3 x HDMI (Input)
Connectors	1 x USB-A 2.0
Connectors	2 x 3.5mm jack (IR, input/output)
Connectors	1 x VGA (Input, 15-pin D-Sub)
Connectors	2 x RCA (Audio output)
Connectors	1 x 3.5mm jack (Audio input)
Connectors	2 x RS232C (Input/output, 2.5mm sub-mini jack)
Connectors	1 x Ethernet (RJ45)
VESA (mm×mm)	400x400
Width without stand (mm)	1123.8
Height without stand (mm)	645.2

Depth without stand (mm)	55
Net weight (kg)	11.1
Set contains	Power cord
Set contains	RS232C (9-pin D-Sub) - RS232C (2.5mm jack) cable
Set contains	HDMI - HDMI cable

PRODUCT DESCRIPTION

The Iiyama ProLite LH5041UHS-B2AG is a 50-inch professional digital signage monitor offering impressive image quality thanks to its 4K UHD (3840x2160) resolution. The VA panel used provides wide viewing angles (178°) and deep contrasts (5000:1), which guarantees clear and sharp images even in demanding lighting conditions. Brightness of 500 cd/m² and anti-glare coating minimize reflections, making it ideal for presentations in public spaces such as shopping malls and conference rooms.

This model is designed for non-stop, 24/7 operation in both portrait and landscape orientations. The built-in media player and Android 11.0 allow direct playback of content, as well as installation of applications without the need to connect external devices. The FailOver function automatically switches the signal source, ensuring a smooth display even if one source fails.

The ProLite LH5041UHS-B2AG offers a wide range of connectors, including three HDMI ports, VGA input, USB, and RS232 and RJ45 ports for easy management and remote configuration. The monitor features 2 x 10W speakers, making it a standalone solution for multimedia display without the need to connect additional audio systems.

With its slim bezel and sleek design, the monitor is perfect for modern interiors, while support for the 400x400 mm VESA standard makes it easy to mount on the wall. The whole thing is rounded off by low power consumption - only 115 watts during operation and 0.5 watts in standby mode, making this monitor not only functional, but also a cost-effective solution. Rent a monitor at SQM Rental House.
