| Depth (mm)                | 597   |
| Net weight (kg)           | 40  |

### PRODUCT DESCRIPTION

SQM Multimedia Support recommends the American Audio (ADJ) PXW 15P active subwoofer. The 15-inch diameter speaker has a maximum sound pressure level of 126dB and a frequency range of 35 to 120Hz.

The continuous power of the amplifier is 500 watts, with peak power reaching 700W.

The device is equipped with balanced XLR inputs and outputs that are used for parallel connections. The user also has a frequency knob and phase switcher at his disposal.

The subwoofer can be used both as a mobile and permanently installed unit. The speaker weighs 40 kilograms.
