Connectors	1 x Antenna
Connectors	1 x RCA (Composite input)
Connectors	1 x 3.5mm jack (Audio input)
Connectors	1 x Optical digital audio output
Max. power consumption (W)	340
Width without stand (mm)	1214.6
Height without stand (mm)	732.4
Depth without stand (mm)	69.5

Net weight (kg)	23
Set contains	Remote control
Set contains	Power cord
Set contains	Edbak PWB1 wall mount

PRODUCT DESCRIPTION

50-inch Samsung PS50C530 is a plasma TV screen with Full HD 1920x1080 resolution. It offers a picture in great quality, without blurring or smudging - all thanks to the plasma screen, which each pixel needs only 0.0001ms for the transmission of vivid colors in pristine quality and Clear Image Panel technology which uses a layered filter that can completely eliminate image delamination.

Subfield Motion 600Hz technology allows you to display the image at a frequency of 600 times per second. This is a guarantee of constantly smooth and sharp movement of objects on the TV screen, even during the most dynamic actions. The Wide Color Enhancer function is responsible for the natural beauty of the colors.

The Samsung PS50C530 is a fully compatible TV with other Samsung devices thanks to the Anynet+ function, which can remotely operate all home cinema devices. The TV offers the user three HDMI connectors, a USB port, as well as a 15-pin PC (D-Sub) input and a CI card slot.

Thanks to VESA mounts (400x400mm) the equipment can be mounted on the wall. It is also worth mentioning that the specification gives the dimensions of the TV without a base - after its installation, the height and depth parameter increases by analogy to 732.4 and 290 millimeters.
