Samsung UE32K5100 is a 32-inch Series 5 TV with a 1920x1080 Full HD resolution. The TV uses the PLS panel, which is distinguished by fantastic color reproduction, wide viewing angles and high contrast - it is a good alternative to the IPS panel. The Wide Color Enhancer and Clean View functions are responsible for great image quality, color reproduction, sharp details, and noise cancellation.

The TV has 2 HDMI 1.4 connectors, one USB 2.0 and one CI+ 1.3 slot. It also has two 10-watt Dolby Digital Plus speakers.

A characteristic feature of UE32K5100 is the minimalist design of Joiii, whose shape definitely distinguishes the 32-inch TV from other devices. Stylish UE32K5100 fits into any environment, and VESA mounts (100x100mm) allow you to mount the TV on the wall.

For standard base operation, the TV height is 519.1mm and the depth is 183mm. SQM Rental House encourages you to check the availability of UE32K5100 in our rental!
