

PRODUCT NAME

CreaTUBE 360 / slim / 1.5M

DESCRIPTION

The 1.5m CreaTube 360 Slim is a striking RGB light source with a full 360° beam angle, perfect for clubs, stages, events, and art installations. Equipped with 72 5050 RGB LEDs and 36 pixels, it allows you to create dynamic animations and smooth lighting effects.

The UCS1903 controller provides precise color control, and the 4-pin DMX connector facilitates integration with professional lighting systems. The 25mm diameter housing and IP65 rating ensure durability and resistance to outdoor conditions. The tube operates on a safe voltage of 24V DC, drawing a maximum of 27W.

Explore the possibilities of CreaTUBE slim by renting it from SQM Rental House!

SPECIFICATIONS

Technology	5050RGB
Diode type	LED
IC driver	UCS1903
Length (mm)	1500
Beam angle (°)	360
Supply voltage	24V DC
Diameter (mm)	25
Max. power consumption (W)	27
Protection Level (IP)	IP65
Connectors	1 x DMX (4-pin)
Net weight (kg)	0.3
