Width without stand (mm)	972.5
Height without stand (mm)	565.4
Depth without stand (mm)	68.3
Net weight (kg)	16.8
Set contains	Remote control
Set contains	USB-A M/M cable
Set contains	Power cord
Set contains	Edbak PWB1 wall mount

PRODUCT DESCRIPTION

The 42-inch NEC MultiSync V423 is a professional industrial monitor that is equipped with an S-IPS panel and LED edge lighting. The monitor supports Full HD (1920x1080) resolution with great brightness of 450 nits. The V423 is equipped with a high-quality Videofonika multi-touch device made of tempered glass, which guarantees 6 points of simultaneous touch on the monitor. The HID supported overlay doesn't need any additional drivers, is powered by a USB port (plug&play type) and has low power consumption. AntiGlare coating guarantees no reflection during viewing.

NEC V423 has a programmable light intensity sensor that can adjust the TV parameters to the brightness of the environment. Adjustable fans allow for effective temperature control and heat management, and thus a significant extension of the life of the device. NEC V423 is equipped with one OPS slot and DisplayPort, HDMI 1.3, DVI-D inputs. The device is VESA-compliant - there are 4 mounting holes (M6) with 300x300mm spacing.

The device is capable of working 24 hours a day, 7 days a week. It is an ideal, interactive solution in retail signage installations, as well as in conference rooms and hotels. SQM Rental House encourages you to rent an interactive industrial monitor!
