

ELATION REBEL WASH 12

TECHNICAL DETAILS

Standard	DMX512
Power (W)	12 diodes x 60
Brightness (ANSI lumens)	14 000
Colour rendering index (CRI)	83.4
Color mixing system	RGBL
Color temperature (K)	2400 - 8500
Zoom range (°)	5 - 40
Beam angle (°)	5 - 40
Field angle (°)	8.5 - 56.5
X-axis - Tilt (°)	360/270
Y-axis - Pan (°)	360/540
Supply voltage	100-240V AC; 50/60Hz
Max. power consumption (W)	730
Width (mm)	259
Height (mm)	445
Depth (mm)	361
Protection Level (IP)	IP65
Working Environment	outdoor&indoor
Connectors	1 x RJ45 (LAN)
Connectors	1 x DMX (XLR 5-pin, Input)
Connectors	1 x DMX (XLR 5-pin, Output)
Set contains	1 x Safety rope 0.6m/50kg
Set contains	2 x Hook 500kg Black
Set contains	1 x 230V POWERCON TRUE cable 16A / 5M

Set contains	2 x Omega brackets
Set contains	1 X DMX Cable (5M)
Net weight (kg)	16.5

PRODUCT DESCRIPTION

The Elation Rebel Wash 12 is an LED moving head wash fixture that combines high output with advanced lighting effects. Weighing just 16.5 kg and featuring an IP65-rated housing, it stands out in its class and is suitable for both indoor and outdoor events. Equipped with 12 × 60 W RGBL LEDs, the fixture delivers up to 14,000 lumens. A motorised zoom range of 5° to 40° allows it to produce everything from narrow, intense beams to broad washes of light. RGBL colour mixing and an adjustable colour temperature of 2400–8500 K provide control over colours and shades of white. A CRI of 83.4 ensures good colour rendering, helping to showcase products on exhibition stands. The Elation Rebel Wash 12 offers individual pixel control and continuous 360° pan and tilt rotation for dynamic lighting effects. Support for DMX, Art-Net, sACN and RDM makes it easy to integrate into professional lighting control systems. Hire the Elation Rebel Wash 12 today from SQM Rental House!
