

PRODUCT NAME

RAPIDPOSTER - 83" / 46"

DESCRIPTION

RAPIDPOSTER - 83" / 46" is a mobile and versatile LED display designed for corporate events, product presentations and dynamic venues. The 83-inch screen features a resolution of 320×1080 px and a refresh rate of 3840 Hz, delivering smooth, detailed visuals for video, animations and informational content.

Its unique foldable design allows the 83-inch single-sided display to be quickly transformed into a compact 46-inch double-sided display. When folded, each side offers a resolution of 320×540 px, allowing content to be displayed in two directions simultaneously. This format is ideal for reception areas, networking spaces and venues where audiences can approach the screen from different directions.

For an even greater visual impact, individual rapidPOSTER units can be seamlessly combined to create the rapidWALL system. Connecting 6 modules delivers a full-size video wall in a standard 16:9 aspect ratio. The system is designed for quick and easy screen connection, allowing a larger LED display to be set up without complicated installation or dismantling.

The totem also offers flexible content playback and control options, including HDMI, USB, LAN and Wi-Fi, while the built-in Android system provides convenient operation and screen mirroring functionality. Its
