PRODUCT DESCRIPTION

The CP1025 is a printer from the Hewlett-Packard LaserJet Color Pro series that uses laser color printing technology with a maximum paper size of 210x297mm (A4).

The device prints at 16 mono pages per minute and 4 color pages with a maximum resolution of 600x600dpi. The printer covers the entire print area on paper with a 42 mm buffer for frames. The HP CP1025 holds 125 sheets of paper in the tray and, according to the manufacturer's specifications, ensures efficiency up to 15,000 pages per month.

The user can connect to the computer via USB-B 2.0 port. The printer is also characterized by high energy efficiency, with a maximum power consumption of approx. 40 watts. CP1025 is ENERGY STAR certified.
