Depth (mm)	44.6
Net weight (kg)	7

PRODUCT DESCRIPTION

Edbak PWB3 is a wall mount designed for vertical mounting of screens from 42 to 60 inches.

The silver PWB3c-B mount allows the installation of a device weighing up to 80 kilograms. The allowable horizontal spacing of arms is from 55 to 400mm, while vertical - from 100 to 750mm. PWB3 is compatible with a wide range of VESA mounts - from 100x100 to 600x400mm. The minimum distance from the wall is equal to 44.6mm.

The solid construction of powder-coated, 3-millimeter thick sheet metal ensures stability for the mounted screen.
