Nominal coverage (h/v; °)	120/100
Width (mm)	179
Height (mm)	244
Depth (mm)	154
Net weight (kg)	2.35

PRODUCT DESCRIPTION

SQM Rental House proposes Apart Audio SDQ5T-BL - two-way passive speaker in black color, which is equipped with a 5.25-inch CP type woofer and a 1-inch ferro-cooled mylar tweeter. The SDQ5T-BL can operate in 16-ohm or 100-volt mode, as it comes with a built-in transformer with 3-6-15-30W power tapings.

The speaker is equipped with push terminals and features enforced poly-plastic housing. The frequency range is within 70Hz-20kHz, and the maximum sound pressure level is 114dB.

It is worth mentioning that SDQ5T-BL can also be used in an outdoor environment (IP50 protection class), however, the manufacturer does not recommend exploitation in a strong wind and rain. A device is a perfect option for constant background music.
