PRODUCT DESCRIPTION

24-inch Iiyama ProLite E2482HD-B1 is a Full HD monitor with LED backlight technology. Its fast response time of 5ms and automatically adjustable ACR dynamic contrast of over 12 000 000:1 ratio ensures a clear and detailed image.

Thanks to the ACR function, the Iiyama E2482HD-B1 guarantees the adjustment of the appropriate contrast ratio to the surrounding environment, so that the image will be clearly visible in a dark room, which is an important aspect when watching movies.

The E2482HD-B1 has a tilt adjustment range of -22 to 5 degrees. The desktop monitor is also equipped with two signal inputs - DVI-D and VGA.

Mounts in compliance with the VESA standard (100x100mm) allow you to place this monitor on any mounting holder. E2482HD-B1 is a great solution both as an office and at home screen.
