

EDBAK TR8

TECHNICAL DETAILS

Category	Monitor trolley
Diagonal range (in)	37-60
Max. capacity (kg)	80
Height adjustment (mm)	N/A
Tilt angle adjustment (°)	0/28
VESA (mm×mm)	75x75
VESA (mm×mm)	100x100
VESA (mm×mm)	200x200
VESA (mm×mm)	400x200
VESA (mm×mm)	600x400
VESA (mm×mm)	200x100
VESA (mm×mm)	300x300
VESA (mm×mm)	400x400
Width (mm)	1070
Height (mm)	1006
Depth (mm)	500
Net weight (kg)	45

PRODUCT DESCRIPTION

Edbak TR8 is another solid construction from a wide range of trolleys with a monitor holder of the SQM Rental House. The four-wheeled trolley is equipped with a holder for monitors with a diagonal of 37 to 60 inches.

The TR8 trolley design consists of two chrome steel tubes and a holder that is placed at a constant height of 1006mm. The holder allows the installation of monitors weighing no more than 80kg and with VESA mounts in the range from 75x75 to 600x400mm.

Like the Edbak TR5 or TR1 trolleys, the manufacturer provided aesthetic organization of cables inside the main tubes. The biggest advantage of the handle is the possibility of tilting it from 0 to 28 degrees. The Edbak TR8 weighs 45 kilograms.
