

PRODUCT NAME

LG 65UH668V

DESCRIPTION

65-inch LG 65UH668V is a Smart TV with a UHD 3840x2160 resolution, which thanks to ColorPrime Pro technology guarantees a wide palette of vivid colors, and with the help of HDR10 Pro and HLG Pro features it provides a realistic and crystal clear image with the reproduction of even the smallest detail.

Available in SQM Rental House 65UH668V guarantees perfect illumination of bright areas of the screen through the ULTRA Luminance function, which thanks to the transfer of unused power in dark areas of the screen increases the contrast in other parts of it. This allows you to perfectly reproduce sharp and clear colors on the screen of your Smart TV.

The TV offers three HDMI 2.0 inputs (including ARC), two USB connectors, or a slot for PCMCIA cards. The distance between the VESA mounting holes is 300x300mm.

All this is complemented by the amazing ULTRA Surround sound system provided by professionalists from Harman Kardon, as well as convenience and simplicity of use thanks to the webOS 3.0 operating system and the intuitive Magic Remote.

SPECIFICATIONS

Panel	IPS
Diagonal (in)	65
Standard	UHD 4K
Resolution (px×px)	3840x2160
Width of viewable area (mm)	1429
Height of viewable area (mm)	804
Screen aspect ratio	16:9
Viewing angles (h/v; °)	178/178
Width without stand (mm)	1461
Height without stand (mm)	845
Depth without stand (mm)	62
Max. power consumption (W)	76
Set contains	Power cord
