

PRODUCT NAME

WORKPRO IC 811 T

DESCRIPTION

IC 811 T is a two-way ceiling speaker from WorkPro. The device is equipped with a high-quality 8-inch woofer and a half-inch coaxial tweeter.

The rear panel of the speaker is equipped with a knob that allows you to quickly select the power and impedance values for 70-volt (2.5-5-10-20-40W) and 100-volt (5-10-20-40W) installations.

WorkPro IC 811 T is a passive speaker that operates in the 50-20000Hz frequency range and with a nominal impedance of 8Ω. The speaker boasts an efficiency of 88 decibels and a maximum SPL value of 104dB.

The IC 811 T weighs 3.1 kilograms and requires a 240mm mounting hole. The solid housing, made of ABS plastic, safely hides a transformer and crossover underneath it. It is worth mentioning that the installation of the ceiling speaker is extremely easy - all thanks to three rotary latches.

SQM Rental House fully recommends the IC 811 T speaker.
