PRODUCT DESCRIPTION

The 50-inch NEC C501 is a monitor that will be great at work 24 hours a day. The monitor uses LCD technology in Full HD 1920x1080 resolution. Very narrow bezel and modern design allow the monitor to easily merge with any environment, creating a uniform effect.

The AMVA3 anti-reflective panel and excellent brightness of 400 cd/m² confirm that the C501 will provide excellent quality and ergonomics of presentation - both in a horizontal and vertical orientation. The device has i.a. 3 HDMI inputs, 1 DisplayPort connector, and 1 VGA input.

The integrated multimedia player enables the presentation of any video, reproduction of images or sounds, and easy management of the presented content. NEC C501 will meet the needs of any conference room as well as a digital signage display. It is worth mentioning that the NEC C501 proposed by SQM Rental House has the additional function of TileMatrix (10x10) and can be hung on the wall - all thanks to 300x300mm VESA mountings.
