PRODUCT DESCRIPTION

SQM Rental House offers a two-way, active speaker RCF ART 310-A MKIII, which has at the user's disposal a 1-inch pressure driver and a 10-inch LF transducer. The amplifier has a continuous power of 400 watts (300W for the woofer and 100W for the driver) and 800 watts of peak power. The highest sound pressure level (SPL) reaches 127dB.

The speaker can achieve 90-degree of horizontal and 70-degree of vertical audio coverage.

The 310-A rear panel is equipped with two inputs - one 6.3mm XLR and 6.3mm TRS, which allow you to connect an unbalanced microphone or other audio sources at the line level. The device has two M10 sockets that can be used for hanging. The equipment parameters, stable housing, and weight of 12.6kg make the ART 310-A a great choice for both professional and home conditions.
