

PRODUCT NAME

THE T.BONE MICROPHONE HOLDER M

DESCRIPTION

SQM Multimedia Support offers the M-size microphone holder from the t.bone (Thomann), which is adapted for stands with a 3/8'' threaded connector.

The stable construction of König & Meyer is characterized by very good workmanship. The black handle is created for microphones with a diameter of 24 to 35 millimeters.

We recommend the t.bone microphone holder in combination with the Athletic MIC-5E or Millenium MS-2005 tripods available in SQM Rental House.
