## PRODUCT DESCRIPTION

Blackmagic URSA Mini Pro 4.6K EF is a professional digital camera with a Super-35mm sensor that operates on 4.6K HDR (4608x2592) resolution at 60 frames per second. The camera interface is accessible with 5" Full HD LCD screen.

URSA Mini Pro 4.6K EF can record materials on SD and CFast cards (two slots for each card format) in many formats, inter alia Blackmagic RAW, ProRes, and CinemaDNG. It also has built-in ND filters and 15 dynamic levels. In addition, the camera has a very efficient heat dissipation thanks to the advanced cooling system.

The camera that is recommended by SQM Rental House is equipped in USB-C port, two 12G-SDI inputs on BNC connectors, as well as two 3-pin XLR inputs.

Blackmagic URSA Mini Pro 4.6K EF will certainly meet even the most demanding requirements of film industry professionals, both in filming commercials and feature films.
