Connectors	1 x 3.5mm jack (Audio input)
Connectors	1 x HDMI (Input)
Connectors	1 x DVI-D (Input, 24+1-pin D-Sub)
Connectors	1 x 3.5mm jack (Phones output)
Connectors	1 x DisplayPort (Input)
Max. power consumption (W)	23
Width without stand (mm)	571
Height without stand (mm)	347.5
Depth without stand (mm)	44.5
Net weight (kg)	6.2
Set contains	Power cord

Set contains	Butterfly wall mount 100x100mm
Set contains	Remote control

PRODUCT DESCRIPTION

The 24-inch Iiyama T2435MSC-B2 is a 1920x1080 Full HD touch screen monitor. The T2435MSC-B2 is equipped with a VA matrix that guarantees great contrast ratio, a wide field of view and very good image quality. The device is fully interactive thanks to 10 simultaneous points of touch that are fully HID-compliant.

The monitor uses capacitive touch technology - it consists of registering the touch by changing the electrical characteristics of the sensor grid in the pressed place on the coating. The glass coating is extremely durable and resistant to all scratches. The touch can be operated with a finger, stylus or latex glove.

The T2435MSC-B2 is an ergonomic monitor that reduces the emission of harmful blue light with the Blue Light Reduction function. In addition, thanks to the adjustable stand, the monitor can work both as a tablet or lay down totally flat. The base allows the monitor to be tilted from -15° to -70°. Thanks to mounts compatible with the VESA standard with a spacing of 100x100mm, the monitor can also be installed on the holder.

Iiyama ProLite T2435MSC-B2 has a range of inputs - DisplayPort, HDMI, DVI and two USB 2.0. The monitor is equipped with stereo speakers. The device is great for any interactive application that requires a lot of intensity and reliability.

SQM Multimedia Support encourages you to rent a T2435MSC-B2 touch monitor!
