

PRODUCT NAME

MACLEAN MC-631

DESCRIPTION

SQM Rental House offers the ceiling monitor holder MC-631 from the Polish manufacturer Maclean, which is designed for monitors with a weight not exceeding 50 kg and VESA mounting holes spacing from 200x200 to 400x400mm. The manufacturer recommends the installation of screens with a diameter of 32 to 55 inches, but if the permissible weight is not exceeded and the spacing between the mounting holes is compatible, it is possible to install a monitor with a larger diagonal.

The Maclean MC-631 offers two possibilities of adjusting the angle of tilt - at the ceiling from 0 to 90° and at the monitor holder from 0 to 15°. In addition, the ceiling mount has adjustable height - the minimum distance from the ceiling is 1050mm and the maximum is 1560mm.

The solid construction is made of metal and is powder coated in black.

SPECIFICATIONS

Category	Monitor holder
Diagonal range (in)	32-55
Max. capacity (kg)	50
Height adjustment (mm)	1050-1560
