

PRODUCT NAME

VOGEL'S PTS 1224 (IPAD PRO 12.9")

DESCRIPTION

The Vogel's PTS 1224 is a case designed for 12.9-inch Apple iPad Pro tablets. The steel structure has VESA sockets with a spacing of 100x100 millimeters - this allows the PTS 1224 to be mounted on a wall or on a stand with a handle.

PTS 1224 case is a mirror image of the TabLock PTS 1223 - the only difference is the lack of access to the Home button.

Vogel's PTS 1224 is perfect for exhibitions or conferences in public places - the tablet is properly secured by a key lock, and the silver casing itself looks aesthetically combined with the iPad.

If you need access to the Home button, SQM Rental House recommends Vogel's PTS 1223 housing.

SPECIFICATIONS
